

6th February 2019

Dear Parents/Carers,

We hope your child is enjoying our exciting topic 'Moon Zoom'.

Over the last few weeks we have been learning all about the solar system, space, astronauts, space travel and of course 'Beegu' the friendly alien who crashed on Earth!

I am sure your child will have told you that yesterday some friends of Beegu crashed on our playground and they need our help! We must build them a new spaceship to help them get back to their home planet.

We would be very grateful if you could bring in any 'junk' materials to help us to build a new amazing space ship for them. Please could you bring them in for week commencing 11th February.

This week we will explore different materials to find out which will be the best material for different parts of the spaceship.

Thank you for your continued support.

The Year One Team
