Online Parent Permissions and Safeguarding Protocols

Dear Parents & carers,

As Parkland are now delivering remote learning for many of our pupils, we need to consider protocols for our pupils when engaging in lessons online. We have high expectations for all our pupils, and this includes how they respond online. We have shared with you our expectations when your child is accessing Teams and can be found on your child's Team page.

Your child's teacher will be using the video tool to record some lessons. We therefore need you to read the Microsoft Form carefully (found in the link below) and for you to give your permission for certain activities such as live lessons to be recorded or parts of classroom lessons to be streamed within our learning platform. This is essential to safeguard everyone taking part.

Please ensure you read and sign the permission form as soon as possible so that staff can provide the support your children need in their remote learning. Please submit the form by Friday 15th January at 9am at the latest.

Thank you for your ongoing support. We hope that together we can engage your child/children to ensure they continue to make progress in their learning during this national lockdown.
