

Parkland Primary School Curriculum Newsletter

Year 1

Term: Summer 2

Maths

In maths this term Year 1 will be learning about measuring weight, volume, and mass. The children will learn to recognise the value of coins and notes and begin to problem solve with money.

We will learn about positional and directional language in our geometry unit.

Year 1 will continue to learn about place value within 100 and how to solve arithmetic questions using these numbers.

Wider Curriculum Learning Journeys

In Science we will be learning about the different classifications and structures of animals. We will also be learning about whether they are herbivores, carnivores, or omnivores.

In Art we will be learning to use a range of materials to design and create animal pictures and prints.

Reading

This term children will be continuing to develop our phonetic decoding skills by reading real and nonsense words with a range of digraphs and trigraphs. We will be sharing guided reading texts and discussing what we know about what we have read. We will also continue to use Sammy SMILES to help us discuss and make predictions about stories.

Summer 1 Topic: Paws, Claws and Whiskers

Computing

This term in computing Year 1 will be continuing to learn to type using a keyboard on a laptop. Children will also learn about programming animations.

English

In English this term we will read stories linked to our topic and re-write our own narratives with alternative endings. We will learn the rules to apply different suffixes such as -ly and add adverbs with these suffixes to our sentences. We will also recap our knowledge on adjectives, conjunctions, punctuation, and plurals.
