

Dear Parent/Carers,

KS1 Breakfast Provision

Last year, we were very fortunate to receive specific post-Covid funding from the National Schools Breakfast programme enabling us to provide a bagel portion to all children in the school.

Unfortunately, we are no longer receiving this funding and have to source the money through our own school budget. As children in KS1 and EYFS are already provided with free fruit, they will no longer receive the bagel option, but will continue to have fresh fruit available during the morning, if they would like it. We will continue to provide a bagel portion to KS2 children.

The importance of a healthy breakfast is well evidenced in supporting children with concentration and improved wellbeing and is often a key factor in helping children to access their learning. We therefore ask that you ensure you encourage your child to have a healthy breakfast at home before arriving at school to promote a positive start to their school day.

If you have any concerns or further questions, then please contact your child's teacher.

Many thanks,

Mrs Hill
