Junk Modelling

Dear Parents/Carers,

We hope your child is enjoying our exciting topic 'Moon Zoom'.

Over the last few weeks, we have been learning all about astronauts, space travel and, of course, 'Beegu' the friendly alien who crashed on Earth!

For our Design and Technology lessons this term, we will be designing and making our very own spaceship. Therefore, we would be very grateful if you could bring in any 'junk' materials to help us to bring our spaceships to life!

Please could you bring the junk materials in on the week commencing **23/1/23**.

We would like:

- yoghurt pots
- cardboard tubes
- plastic bottles
- small cardboard boxes
- plastic containers

Please make sure objects have been cleaned out and are from **nut free** sources.

Thank you for your continued support.

The Year One Team
