Dear Parents/Carers,

Online Gallery: Arts Showcase

At Parkland Primary School we really value the importance of creative subjects which allow children the opportunity to develop a range of knowledge and skills, express themselves creatively and support wellbeing. This term, all children across the school have been working hard to produce high quality outcomes which can be published and shared in an online gallery.

Please see the links below to each class's online gallery. By clicking on the links below, these galleries can be viewed as a 'Preview'; to view the galleries in more detail, which we would highly recommend, just **downloading the D Emptyspace App on a mobile device** and creating a profile to view all the artwork in more detail and in much better quality. It will also be much easier to identify your child's work using the app as the picture quality is much higher and you can clearly read the name tag.
