

We are proud to be a partner school delivering teacher training through Inspiring Leaders Teacher Training.

Inspiring Leaders Teacher Training are an Ofsted 'Outstanding' provider that leads an innovative School-Centred Teacher Training (SCITT) programme to support trainees in making a real difference in their local community. Trainee teachers who go on to qualify will receive Qualified Teacher Status (QTS), as well as a Post-Graduate Certificate of Education (PGCE).

The programme is delivered by our outstanding practitioners, who work as teachers in our schools and as leaders of their subjects, as well as the curriculum professionals across the Inspiring Leaders network.

Our school is committed to hosting, training and mentoring our trainee teachers, with many who qualify having found employment within our community.

To find out more about the programme and how to apply, visit the [Inspiring Leaders Teacher training website](#).
